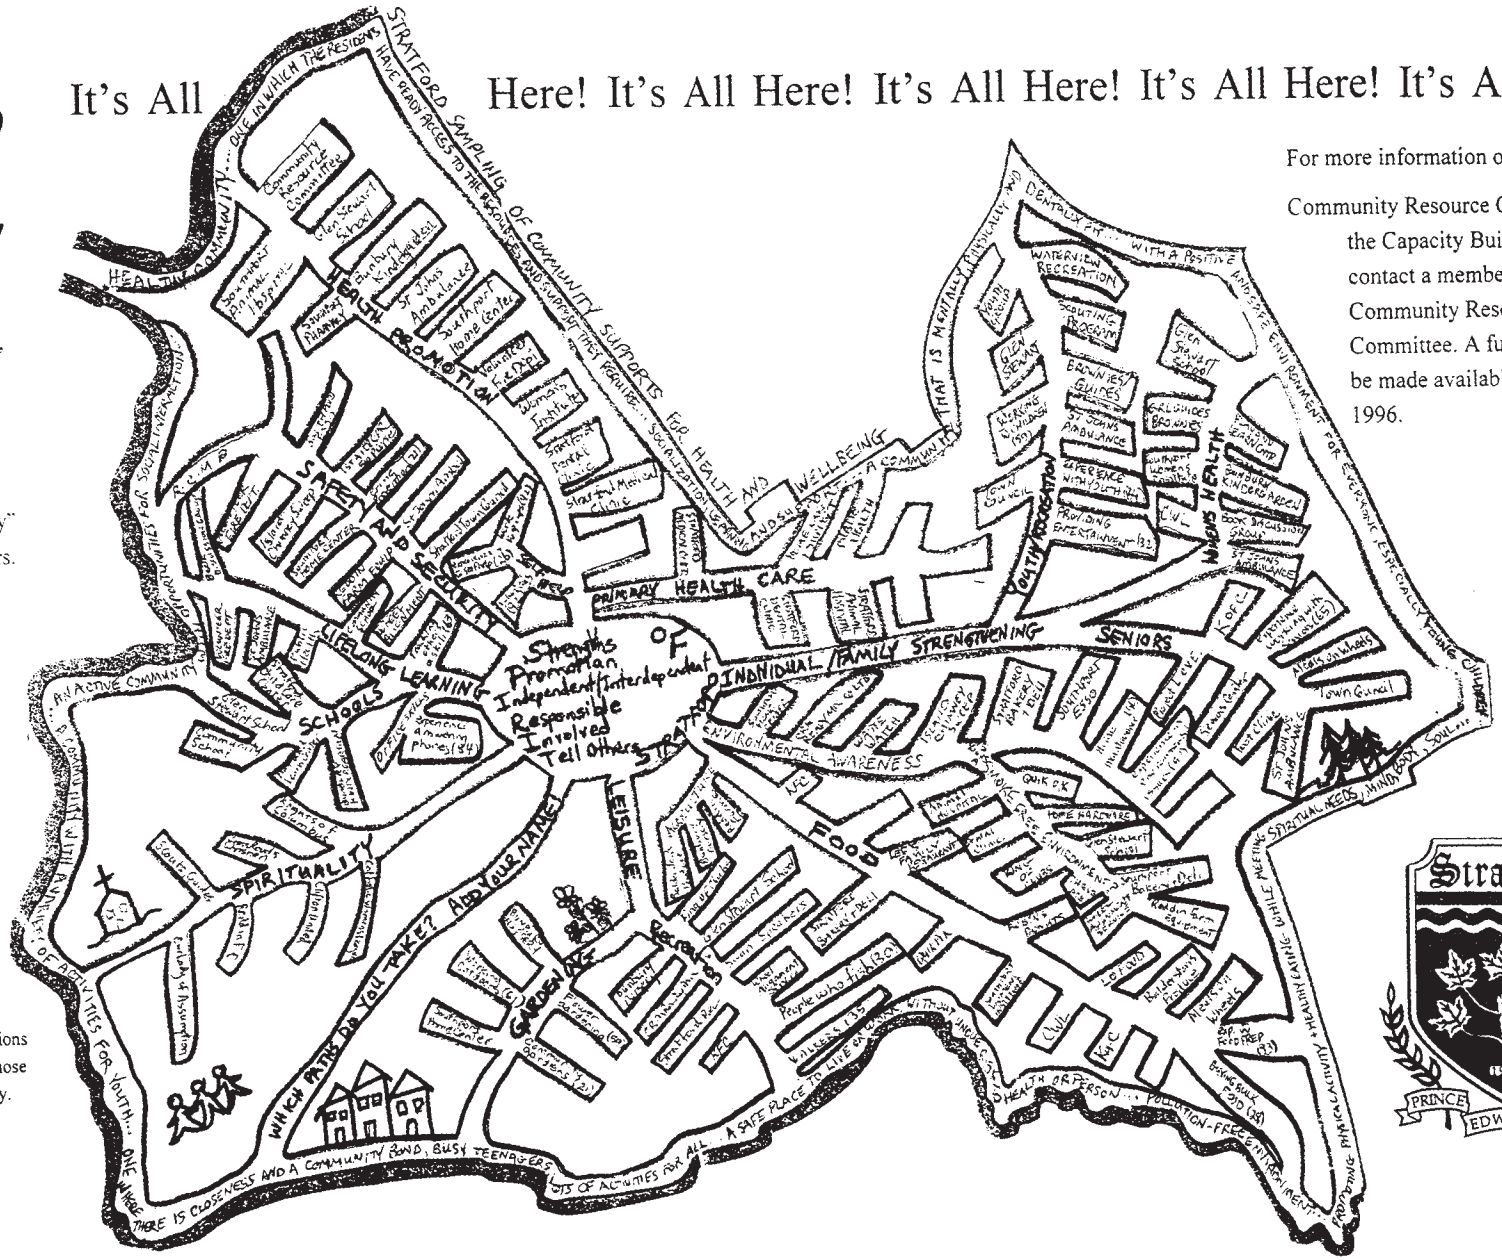
Asset Map

Enhancing the Spirit of Stratford!

This map visually represents the connections between businesses, organizations, and individuals who responded to our survey. The Stratford border is framed with the words that describe the visions of a "healthy community" held by some of your neighbours. Look at the spirit represented here! If you are interested in contributing to our map, and enhancing our spirit, call Pat Malone at 569-1870.

Note: The businesses and associations listed on the map are only those who responded to our survey. We are confident that many more will emerge!



For more information on the Stratford Community Resource Committee and the Capacity Building Project, contact a member of the Community Resource Committee. A full report will be made available in September 1996.
